Sold

Norfolk House, City of London

Directly overlooking the Thames opposite Tate Modern, this magnificent two / three-bedroom apartment offers peaceful riverside living with all the conveniences of a central City of London location.

Properties on the north side of the river rarely come up for sale. The flat has wonderfully bright south-facing accommodation, with a sunny balcony overhanging the water. It offers fine views of many of London's landmarks, including Tate Modern, the Millennium Bridge, the Globe Theatre and the Millennium Wheel.

Built in the early 1980s to a design by R. Seifert and Partners, Norfolk House is one of the City's most sought-after riverside buildings. This particular apartment is situated on the second floor, and is on the market for the first time since 1997. It has an unusually large entrance hall, two double bedrooms, three bathrooms, a study / third bedroom, a large reception, a dining room and a separate kitchen.

THE MODERN HOUSE

About

The Modern House is an estate agency that helps people live in more thoughtful and beautiful ways. We believe in design as a powerful force for good. Inspired by the principles of modernism, we represent design-led homes across the UK which celebrate light, space and a truth to materials. Esquire credits The Modern House with “rewriting the rulebook on estate agency” and GQ voted us “one of the best things in the world”.
